Subject: Re: Pressure washing numbers question

Hello Rena,

It's been ten years ago, I believe it's because the boundaries of the district change and we were using different equipment . At the time we were using scrubbers machines .

Hi Elmer,

Jackie gave me some cleaning numbers to include in our presentation to the board on Wednesday. One of them is pressure washing.

In 2005 we washed 35,812,632 linear ft
In 2015 we wash 22,252,318 linear ft

Why the discrepancy?
Is this when the boundaries of the district changed?
Is it from less pressure washing due to drought?
Is it from using different equipment?

Let me know.
Thanks!
